OSA - 1877-65

21 April 1965

Subject: Contract AF33(657)-12846 (Follow-on EMR Program) STATINTL
GFE Requirements Thereunder

Reference: SPO letter dated 16 April 1965, signed [redacted]

Dear Frank:

In answer to the referenced correspondence (copy attached) please be advised that we have researched our requirements and find that the following equipment is necessary for this Contractor's effort:

1 ea. Honeywell 906 Visicorder (AI-085 Item 1)

It is hereby requested that this Contractor be granted the authorization to procure the above item as a direct cost under the subject program. Your expedient attention to this matter will be sincerely appreciated.

Regards,

Jim

SUBJECT: Request No. 85, Item 1

Dear Gregg,

Reference is made to your Request No. 85, Item 1. STATINTL
The PSO has researched this item and has been unsuccessful
in locating requested equipment or favorable substitute
from DOD assets.

Inasmuch as there is no equivalent item in inventory
to meet your requirements, we recommend that necessary
action be taken by you to provide this item as CFI should
it be determined that a necessity still exists for use of
this equipment.

Best regards,

George

Reference: Contract AF 33(657)-12846

Dear Frank:

Enclosed please find this contractor's Purchase Order #178483, said purchase order constituting a fixed price non-competitive (follow-on) procurement in excess of \$50,000. and as such is being forwarded for Contracting Officer approval.

Please be advised as follows concerning P. O. #178483 as issued to [redacted] Palo Alto, California under which Backward Wave Oscillators (BWO's) for the follow-on EMR systems will be procured.

In the latter part of 1963, under this same project, (DT & E phase - Contr. AF 33(657)-12278) six manufacturers of Backward Wave Oscillators were considered and reviewed. Details of that negotiation and of the negotiations to date are set forth in the attached Buyer's [redacted] memorandum to file dated 10 August 1964. The items on the subject purchase order are being combined with this contractor's P. O. 178484 to take advantage of a lower negotiated price. This order is under a different prime contract.

An analysis of costs was made by this contractor's Cost Analyst, [redacted] as set forth in his memorandum to file dated 4 August 1964. Copies of his report are attached for your reference. Please note that labor rates as well as burden rates were verified with [redacted] Cognizant Navy Auditor.

Based on [redacted] being the low responsive bidder on the original procurement, the negotiated prices supported by a cost analysis are considered by this contractor to be fair and reasonable.

It is trusted the contents hereof will prove adequate and accurate in all respects and as such suitable for your evaluation and approval purposes. Please contact the undersigned in the event additional information is required.

Best Regards,

Jim
